FOURTH SUGAR MILL FOR FORMOSA

MANILA, October 23.—The Honolulu Iron Works have secured the contract for building a fourth sugar mill in Formosa for Japanese capitalists. It is stated that the sugar production of Formosa for the coming year will amount to about 80,000 tons. In the Philippine Islands there are few modern or up-to-date sugar mills, and but one sugar refinery, which has very little if any really modern machinery.

JUST IN TIME.

A German shoemaker left the gas turned on in his shop one night, and upon arriving in the morning struck a match to light it. There was a terrible explosion, and the shoemaker was blown out through the door almost to the middle of the street.

A passerby rushed to his assistance, and after helping him to get up inquired if he was injured.

The little German gazed at his place of business, which was now burning quite briskly, and said—

"No, I ain't hurt. But I got out stunk in time. Eh?"

"Are you sure this milk is free from germs?" inquired the cautious young housekeeper. "Yes, lady," replied the milkman, unguardedly; "we boil every drop of water that goes into it."
